Re: Culebra Creek (Amendment)

MDP # 773-A

Dear Mr. Balbaugh:

The City Staff Planning Review Committee has reviewed the Culebra Creek Master Development Plan, M.D.P. (Amendment) # 773-A. Please find enclosed a signed copy for your files. Your plan was accepted, however please note the following:

- In consideration of public safety and convenience, excessive grades by reason of topography should be avoided in street layouts and arrangements.

Development Services, Engineering Section cites the following:

1. It should also be understood that this is a conceptual plan and that all UDC Requirements will be implemented for all plats, within the limits of this MDP. This includes such items as intersection sight distances, street design and pavement requirements, traffic calming, cul-de-sac requirements, right-of-way requirements and widening for a left turn lane and right turn deceleration lane.
 2. All Roadways shall conform to Table 506-1: Functional System Description.
- Any access and R.O.W. issues along state facilities will need to be resolved with the Texas Department of Transportation (TXDOT). For information about these requirements you can contact TXDOT at 615-5814.
 - This development will need to comply with tree preservation ordinance #85262. For information about these requirements you can contact Tree Preservation at 207-1111.
 - It will be expected that you will plat all of the property depicted in your Master Development Plan (M.D.P.) to include floodplains, drainage areas and open space.

Mr. Balbaugh

Page 2

July 8, 2005

- I would encourage you to work closely with the school district, so that they can plan accordingly.

The Parks Department cites the following:

Culebra Creek is a subdivision of 497 units. Based on Section 35-503 of the UDC, the park dedication requirement for this development is 4.4 acres.

1. Dedication of 2.927-acre park to the Culebra Creek Homeowner's Association. Dedication to be in compliance with requirements set forth in 35-503(f)(2).
2. Trees shall be planted parallel to all perimeter right of ways. Trees are to be a minimum caliper of 3 inches and planted approximately 35 feet on center. Trees may be of the following species: Cedar Elm, Live Oak, Red Oak, Chinquapin Oak, or Monterrey Oak. Developer to guarantee all trees for a period of one year from installation.
3. Park to include at least three of the following improvements: playground, informal play area, trail, parking/access control, park furnishings, or landscaping. Improvements to be submitted with Unit 2 and approved by the Parks Department.
4. Fee in-lieu of dedication in the amount of \$13,846.20. Fee must be paid prior to recordation of the first plat filed under this plan.

Storm Water Engineering cites the following as part of their conditional approval:

1. The floodplain limits on this Master Development Plan (MDP) are estimated and subject to change. Approval of subdivision plats associated with Master development plan will be subject to the review and approval of a Storm Water Management plan in accordance with appendix B, section 35-B119 of the city of San Antonio Unified Development Code (UDC).
2. Detention is proposed.

Mr. Balbaugh
Page 2
July 8, 2005

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. If the proposed development is not platted in phases this Master Development Plan M.D.P. will be invalid.

ALL Platting shall comply with the Unified Development Code, Master Plan and Major Thoroughfare Plan for the city of San Antonio.

If you have any questions regarding this matter, please contact Mr. Michael O. Herrera, at (210) 207-7873.

Sincerely,

For Roderick J. Sanchez, A.I.C.P.
